2024 Lincoln County Home & Garden Show

Habitat
for Humanity®
of Lincoln County

Habitat for Humanity of Lincoln County brings people together to build homes, community, and hope!

You can be part of this mission and make a lasting difference in our community.

All proceeds from the home and garden show fundraiser will

help us build strength, stability, self-reliance, and shelter for low-income households.

We do this by constructing homes in partnership with volunteers, using discounted and donated materials and services, then selling the homes with an affordable mortgage.
